

Yacht Overview

Pershing GTX80

EXPERIENCE M/Y SERO

Miami, The Bahamas and The Hamptons

The brand-new 2025 SERO is a Pershing GTX80 measuring 80 ft / 24 m, with a distinctive profile and GRP hull engineered for performance. Powered by three Volvo Penta IPS1350 engines, she cruises at 28 knots and reaches speeds of up to 34 knots. SERO welcomes up to 12 guests for day charters and accommodates up to six overnight guests across three well-appointed staterooms. Contemporary design, generous social areas, and a professional crew create a seamless charter experience across South Florida, the Bahamas, and the Hamptons.

ABOUT THE BRAND

Pershing Yachts

Italian performance and contemporary luxury

Founded in 1981 by Italian entrepreneurs Fausto Filippetti, Tilli Antonelli, and Giuliano Onori, Pershing began with a vision to redefine high-performance yachting. In collaboration with designer Fulvio De Simone, the brand introduced its first luxury model in 1985, establishing a legacy of bold design, innovation, and dynamic performance that continues today.
